Centerville Receives Risk Control Grant from ACWA JPIA for \$10,000

The JPIA Risk Control Grant Program is meant to promote the implementation of best practices that will prevent or mitigate losses in the JPIA's Workers' Compensation, General Liability, and Property Programs. The historical loss areas for these programs served as the foundation for the best practices in the JPIA's Commitment to Excellence.

Centerville CSD has been a member of ACWA JPIA's Commitment to Excellence Program since 2013. The grant will purchase a Walk Behind Saw that will provide a more ergonomic positioning for the operators to cut pavement. This lessens the potential for employee injury.

The District continues its Commitment to Excellence and regularly reviews its best practices.

What is the Centerville Education Foundation?

And What do they Do?

The Centerville Education Foundation Committee is a group of individuals who manage an education foundation that raises money for Grant School. These funds are donated and raised to enhance the financial resources available to Grant School and its students.

The Centerville Education foundation uses the raised funds to:

Supplement Existing Programs
Promote Innovation
Establish Scholarships
Recognize Excellence

This year the Centerville Education Foundation Committee raised over \$25,000.

They purchased a Promethean Board for the Junior High, helped with IT security at Grant Elementary School and are awarding scholarships to deserving Grant School students.

The CEF is always looking for volunteers. If this sounds like something you would be interested in, you are cordially invited to attend one of their meetings. They meet on the first Wednesday of every month at 6 pm in the Grant School Library. Volunteers are always welcome and appreciated!
