The District has a New Website!

It's finally here! The District's new website is up and running, offering current information about the District; as well as conservation tips and much more. Customers now have the ability to place a service call, sign up for service, or download a copy of the most recent Board Meeting Agenda or District Newsletter. You can also sign up to receive Alerts via email or text, which will be used for urgent communication such as the status of emergency repairs in your area. Please visit us at www.centervillecsd.org.

We would love to hear your feedback, and any suggested improvements you may have. Please email us through the website. We look forward to hearing from you!

Board of Directors Annual Reorganization Session: The Board voted in a new slate of officers for the 2015 calendar year. Director Walt Richison will serve as President of the Board of Directors and Director Eric Woodstrom will serve as the Vice President. The Board's Standing Committees will be determined at the Regular Board Meeting in January.

Bureau of Reclamation Mid-Pacific Region Water User's Conference January 21-23, 2015, Reno, NV

District Manager Chris Muehlbacher along with Directors Richison and Willis will attend the 2015 Mid-Pacific Region Water Users Conference. The Annual Conference is attended by Managers, Directors, Consultants and Government Agency Representatives from agencies served by the U.S. Bureau of Reclamation (USBR) facilities in California, Nevada and Oregon. It is a great opportunity to discuss USBR operations, contractor issues, and other concerns and items of interest. The Bureau will also provide a status report on reservoir levels, inflow and discharge measurements and the Initial Water Supply Outlook for the 2015 water year.

The state has been hit hard by rain and snow over the past few weeks. Both the wind and rainfall caused widespread flooding and power outages in Northern California. Forecasters say, while the storms help, much more rain is needed to pull the state out of its severe drought. Don't let the rain fool you, please continue to conserve water until both Trinity and Shasta Lakes are at 90% of capacity.

A Word from Fire Chief Luntley...

I hope everyone had a safe Holiday Season and that each of you have a very Happy New Year. I would like to thank everyone that supported our department this year with your donations. We cannot do what we do without the support of our community.

With the recent storms, fire season was officially declared over the 9th of December. With that, we had four seasonal Cal Fire employees return to volunteer status. This brings our roster to 17 full responders and 4 recruits. Since I last wrote we have staffed the station at least once a week with volunteers for 12 hour shifts and that should increase this month.

Our call volume was down significantly for 2014. We should finish around 95 calls for the year compared with 155 for 2013 and 149 for 2012.

Year to date our run totals are: 6 Structure Fires, 45 Medical Aids, 12 Vegetation Fires, 1 Vehicle Fire, 9 Traffic Collisions, 5 Public Assist, 8 Smoke Checks, 1 Station 52 Hardcover, 1 City of Redding Station Cover & 2 Strike Team Assignments.

Again from everyone here at the Centerville Volunteer Fire Company 52...

Thank You for your continued support and have a SAFE and Prosperous New Year!
